

Amicus ITS on Judging Panel For Mentor Magic Event

Steve Jackson, MD
Amicus ITS

**Wednesday 12th November
2014**

Managing Director, Steve Jackson, took up the invitation extended by Hampshire Chamber of Commerce's Deputy Chief Executive Maureen Frost, to represent successful Hampshire entrepreneurs, on a select judging panel for Mentor Magic 2014.

This local business community network event represented the final heat for a panel of four judges to listen to four prospective new and emerging local businesses pitch and vie for the chance to win the help of a Mentor, who will offer advice and guiding direction once a month to the winner over the course of a year. Hosted by Portsmouth Business School in front of an interested audience of local graduates, businessmen and women. The winner and runner up will go forward to the Chamber's finals to be held on 22 January 2015 at the Portsmouth Marriott Hotel.

Commenting after the event, Steve Jackson said: *"This was an excellent event for Hampshire Chamber of Commerce to co-ordinate. With over 30 years commercial experience I am genuinely pleased to be able to offer the wealth of my extensive business knowledge to put something back into local young businesses and offer my insight to hopefully enable them to grow and become more organised and profitable down the line. I am proud to be associated with this event and look forward to judging the finals in January".*
