

Amicus ITS Data Security Expert Gives Key Note Speech at Nucleus Event

JP Norman, Head of Technology & Governance
Amicus ITS

Thursday 12th November 2015

Amicus ITS has been invited to make a Keynote Speech on cyber security during Global Entrepreneurship Week in the first ever Nucleus event organised by Hampshire Hampshire County Council for this region's SMEs and Start-Ups

In a packed schedule of events across the day with key note speeches and workshops designed to help established SMEs as well as start-up companies, our Head of Technology & Governance, **JP Norman**, will be presenting the industry's key updates on data security to around 400 SMEs on the hot topics facing businesses today.

Talk points will include:

- Hacking - latest news – TalkTalk (and others)...
- Safe Harbour Agreement – The latest from across the Pond and Channel
- EU Data Directive
- Sovereignty
- Security Handling
- Risk Mitigation
- Monitoring in a Cloud environment
- Top Cyber Security Takeaways

Delegates will also have the exclusive opportunity to meet up with JP for a confidential chat in the specially convened 1:1 Breakout Sessions afterwards.

Event Timings:

10.00	Nucleus event open
11.30 – 12.00	Cyber Security key note speech – JP Norman
12.00 – 14.00	1:1 Cyber Security Breakout sessions with SMEs
17.30	Nucleus event close

Quote "Nucleus Safe 365" to claim your confidential cyber security discussion at any time.
