Amicus ITS joins other technology leaders at the CRN Channel Conference, MSP North

JP Norman, Director of Technology, Security & Governance

Wednesday 26th June

MSP North

JP Norman - in conversation - "Offshore or Outsource", an MSP panel discussion, hosted by CRN's Doug Woodburn

Amicus ITS continues its long-standing commitment to engaging in national debates on IT services with this latest thought leadership event. This time, we are attending one of the major MSP national industry events, MSP North, being held at The Principal, in Manchester on Wednesday 26th June. Come and join us for a packed day of presentations and conversations with the country's leading IT Managed Service Providers.

Don't miss the dynamic debate with Amicus ITS in session at one of the day's key platform events at 12.40pm.   Overseen by CRN Managing Editor Doug Woodburn, see panellist **JP Norman**, Amicus ITS' Director of Technology, Security & Governance in discussion with CEO of Air-IT **Todd McQuilkin** to discuss the benefits, implications and experience of offshore or outsourced service delivery.
